

MATH

3rd Grade

We encourage you to follow a Option A Math Curriculum.

Option B:

Each submission date, you will submit 1 portfolio submission providing evidence of proficiency for 1 Math Skill below. Over the year you will submit 16 times. Each skill must be touched on at least once.

The skills below are broad skill areas. Please refer to the Idaho Math Standards Book for detailed skills you can use to report in each skill area.

We encourage you to touch on all the standards listed for 3rd Grade.

- ☐ Represent and solve problems involving multiplication and division.
- ☐ Understand properties of multiplication and the relationship between multiplication and division.
- ☐ Multiply and Divide Within 100.
- ☐ Solve problems involving the four operations, and identify and explain patterns in arithmetic.
- ☐ Use place value understanding and properties of operations to perform multi-digit arithmetic.
- ☐ Develop understanding of fractions as numbers.
- ☐ Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects.
- ☐ Represent and Interpret Data.
- ☐ Geometric measurement: understand concepts of area and relate area to multiplication and to addition.
- ☐ Geometric measurement: recognize perimeter as an attribute of plane figures and distinguish between linear and area measures.
- ☐ Reason with shapes and their attributes.
