

MATH

5th Grade

We encourage you to follow a Option A Math Curriculum.

Option B:

Each submission date, you will submit 1 portfolio submission providing evidence of proficiency for 1 Math Skill below. Over the year you will submit 16 times. Each skill must be touched on at least once.

The skills below are broad skill areas. Please refer to the Idaho Math Standards Book for detailed skills you can use to report in each skill area.

We encourage you to touch on all the standards listed for 5th Grade.

- ☐ Write and interpret numerical expressions.
- ☐ Analyze patterns and relationships.
- ☐ Understand the place value system.
- ☐ Perform operations with multi-digit whole numbers and with decimals to hundredths.
- ☐ Use equivalent fractions as a strategy to add and subtract fractions.
- ☐ Apply and extend previous understandings of multiplication and division to multiply and divide fractions.
- ☐ Convert like measurement units within a given measurement system.
- ☐ Represent and interpret data.
- ☐ Geometric measurement: understand concepts of volume and relate volume to multiplication and to addition.
- ☐ Graph points on the coordinate plane to solve real-world and mathematical problems.
- ☐ Classify two-dimensional figures into categories based on their properties.
